Victorymobiledevelopment.com

Results-driven Full Stack Developer with 10+ years of experience in designing and building scalable web and mobile applications. Proficient in both front-end and back-end technologies, with a strong focus on creating intuitive user experiences and utilizing best practices in coding and security. Skilled in a variety of programming languages and frameworks, with a proven track record of delivering high-quality, efficient solutions that meet client requirements. Looking to leverage my expertise to contribute to a dynamic team and drive innovation in the tech industry.

Professional Experience

Project Analyst | **Wakefern Food Corp. | Edison, NJ** **April 2024 - Present**

- Utilized Copilot to generate new documentation pages by 400%, saving 2000+ hours of tedious work.

Project Analyst | **Wakefern Food Corp. | Edison, NJ** **April 2020 - April 2024**

- Spearheaded the architecture, design, and development of a new feature, resulting in a product that was testable 33% earlier than anticipated.
- Collaborated with 4+ teams to organize tasks, outlined use cases and collect user requirements.
- Built and maintained RESTful APIs, ensuring seamless data retrieval and secured endpoints.
- Wrote and reorganized 100+ pages of documentation, reducing onboarding new members by 85%.
- Integrated 3rd party vendor APIs with clean architecture and designs to increase mobile app performance by 92%.
- Incorporated AB tests to increase product viewing by 50% on the mobile app.
- Helped design, implement, and deploy React Native e-commerce apps, with over 10+ features.
- Analyzed and Reviewed 30+ RESTful APIs and learned how to safely deploy through a proxy.
- Delivered, analyzed, and resolved 200+ technical issues.
- Setup CMS, Firebase, and CI/CD Pipeline elements for multiple mobile apps.
- Mentored and coached an intern developer.

Associate Programmer | **Wakefern Food Corp. | Edison, NJ** **February 2020 - April 2024**

- Worked on a Cordova app, implementing new features and bug fixes focusing on accessibility issues.
- Monitored system health, debugged performance issues, and optimized applications using both server-side and client-side techniques.

Key Skills

- | | |
|-----------------------------|--------------------------------|
| • React - Competent | • Swift - Proficient |
| • React Native - Proficient | • API Development - Proficient |
| • Python - Proficient | • Kotlin - Proficient |

Education

Master of Science - MS in Computer Science
January 2015 - December 2016
Montclair State University

Bachelor of Science - BS in Computer Science
January 2012 - December 2015
Montclair State University

Certifications

Supervised Machine Learning: Regression and Classification **May 2024** DeepLearning.AI, Stanford University
